

Clarifications to additional questions

Event Horizon LLC-FZ is an operating company, which provides development and related services to the owner of the DEX protocol, where trading takes place. It also acts as a subcontractor for vendors, who support the DEX protocol, including Finery.

Evedex Ltd. (St. Lucia) is a user-facing entity, which provides interface to the users by allowing them to connect their wallet to the protocol. It does not own the website, protocol or other IP.

We have provided the website evedex.com as the main website, where business of EVEDEX is done.
